- Tree planting session led by Elijah Muindi
- Mentorship Sessions/ Students divided according to classes e.g., classes 6,7 and 8 *Topics to*

be Discussed

·Sex Education

·Menstrual health

·Careers and Life skills ·Self

Esteem

- Distribution of panties and Boxers to the kids according their respective sizes.
- Ice breaker by Cliveason Amaleba.
- Group Presentations according to the classes
- Dancing Competition between mentors and students led by Tugi grace
- Presentation of Donations led by Mercy NTNU
- Vote of thanks from Head girl Heri Junior School, Teacher Heri Junior School, Sheila Former Volunteer at Heri Junior School/NTNU, Carol WOAN and Mercy NTNU.
- Closing Prayer by Mercy NTNU
- Debrief Session with Mentors led by Hashu Davansi.
- Group photos/Videos of Vote Of Thanks.

Detailed Description

After the Introduction Sessions, We had a Tree planting activity led by Elijah Muindi (NTNU). Elijah therefore proceeded and gave the students a brief on how to plant a tree, The importance of planting trees, and how and why we should take care of our environment.

The Empowerment drive happened in Honor of World Menstrual Hygiene Day 2022 which was observed on May 28th.

Even in the 21st century, several women and young girls do not have access to proper menstrual knowledge and hygiene infrastructure, including sanitary napkins, clean toilets, or even safe disposal.

As per MH Day 2022 theme "Making Menstruation a normal fact of life by 2030"- the Empowerment drive was meant to Empower both girls and boys of Heri Junior Academy by donating both girl and boy care packages.

We opted to involve the boys/men in menstrual talks so as to rewrite the narrative around period talks.

We had candid conversations with both the boys and girls on the topics below:

- Sex Education
- Menstrual Health
- Personal Hygiene
- Self Esteem
- Careers & Life Skills

After the sessions, the students had a chance to present what they learned throughout the mentorship sessions.

The above talks were centered on four (4) main Sustainable Development Goals:

- SDG 3 – Good Health and Well Being
- SDG 4 – Quality Education
- SDG 5 – Gender Equality
- SDG 13 - Climate Action

Who took part?

The whole event was initiated and spearheaded by Nipe Tabasamu Nipe Upendo (NTNU) Initiative.

We One Action Network was our chief partner and main sponsor for the event.

Other partners who played a pivotal role in the event include:

- Awoche Foundation
- Spice Warriors Kids
- Taifa Teule Leadership Forum
- Peace Maker International
- Beyond the Sun
- Youth For Christ

Finally, we would like to extend our sincere gratitude to the **Bold phase Initiative** for donating 50 packets of Sanitary Towels.

Quotes

I. "To create a world where no woman or girl is held back because they menstruate, by 2030

II. "The use of sanitary pads and the dos and don'ts should be discussed with openness so as to make a hygienic and healthy life for the women."-- Manushi Chhillar

III. "When we plant trees, we plant the seeds of peace and seeds of hope. We also secure the future for our children."

Outcome

The young girls were challenged to use digital literacy as a way of upgrading their lives in different sectors and were also encouraged to join I.T related courses to increase the Number of women in technology.

Conclusion

The activity was concluded by sharing snacks and a cake-cutting session.

We also had a photo session with the girls after distributing the Sanitary Towels.

Recommendations

The following are the recommendations that were largely visible on that day;

1. I would recommend if we could have more sessions especially on Sex Education and Life skills generally, Have Panel Discussions and let the kids come up with questions and Topics they would love us to handle.
- ii. Have more programs tackling issues/challenges young girls and boys face in our communities, this helps us understanding them more and providing workable solutions according to what they are going through.
